# Foreword

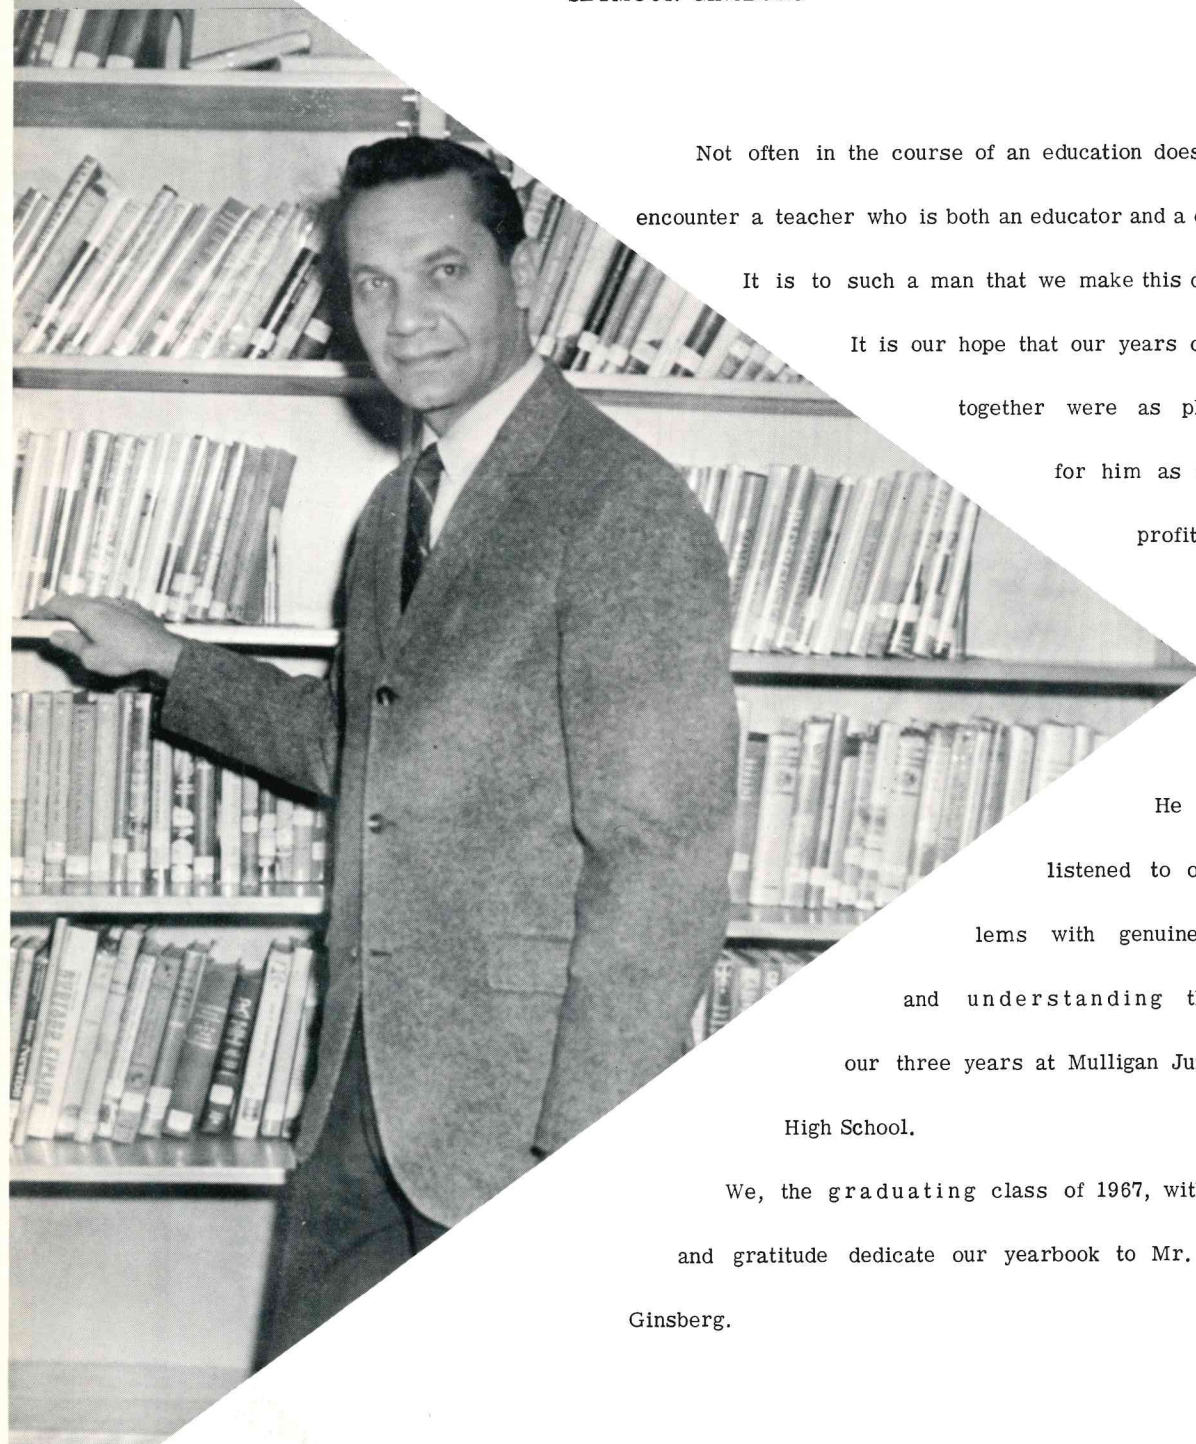

You will not find the word Mod or Rockers in the dictionary, but this is as close as we have come to the true meaning of Mod.

The Mods are the rebellious group of today's young generation. Their need to be different is what sets them apart from their contemporaries. The long haired, boot high, bell bottom, hiphugger styles are symbolic of their names. Their clothes reveal their drive for individuality, yet in this drive to be different will they conform as every generation before them?

## Dedication

SEYMOUR GINSBURG

Not often in the course of an education does a student encounter a teacher who is both an educator and a counselor.

It is to such a man that we make this dedication.

It is our hope that our years of working

together were as pleasurable

for him as they were

profitable for

us.

He always

listened to our prob-

lems with genuine interest

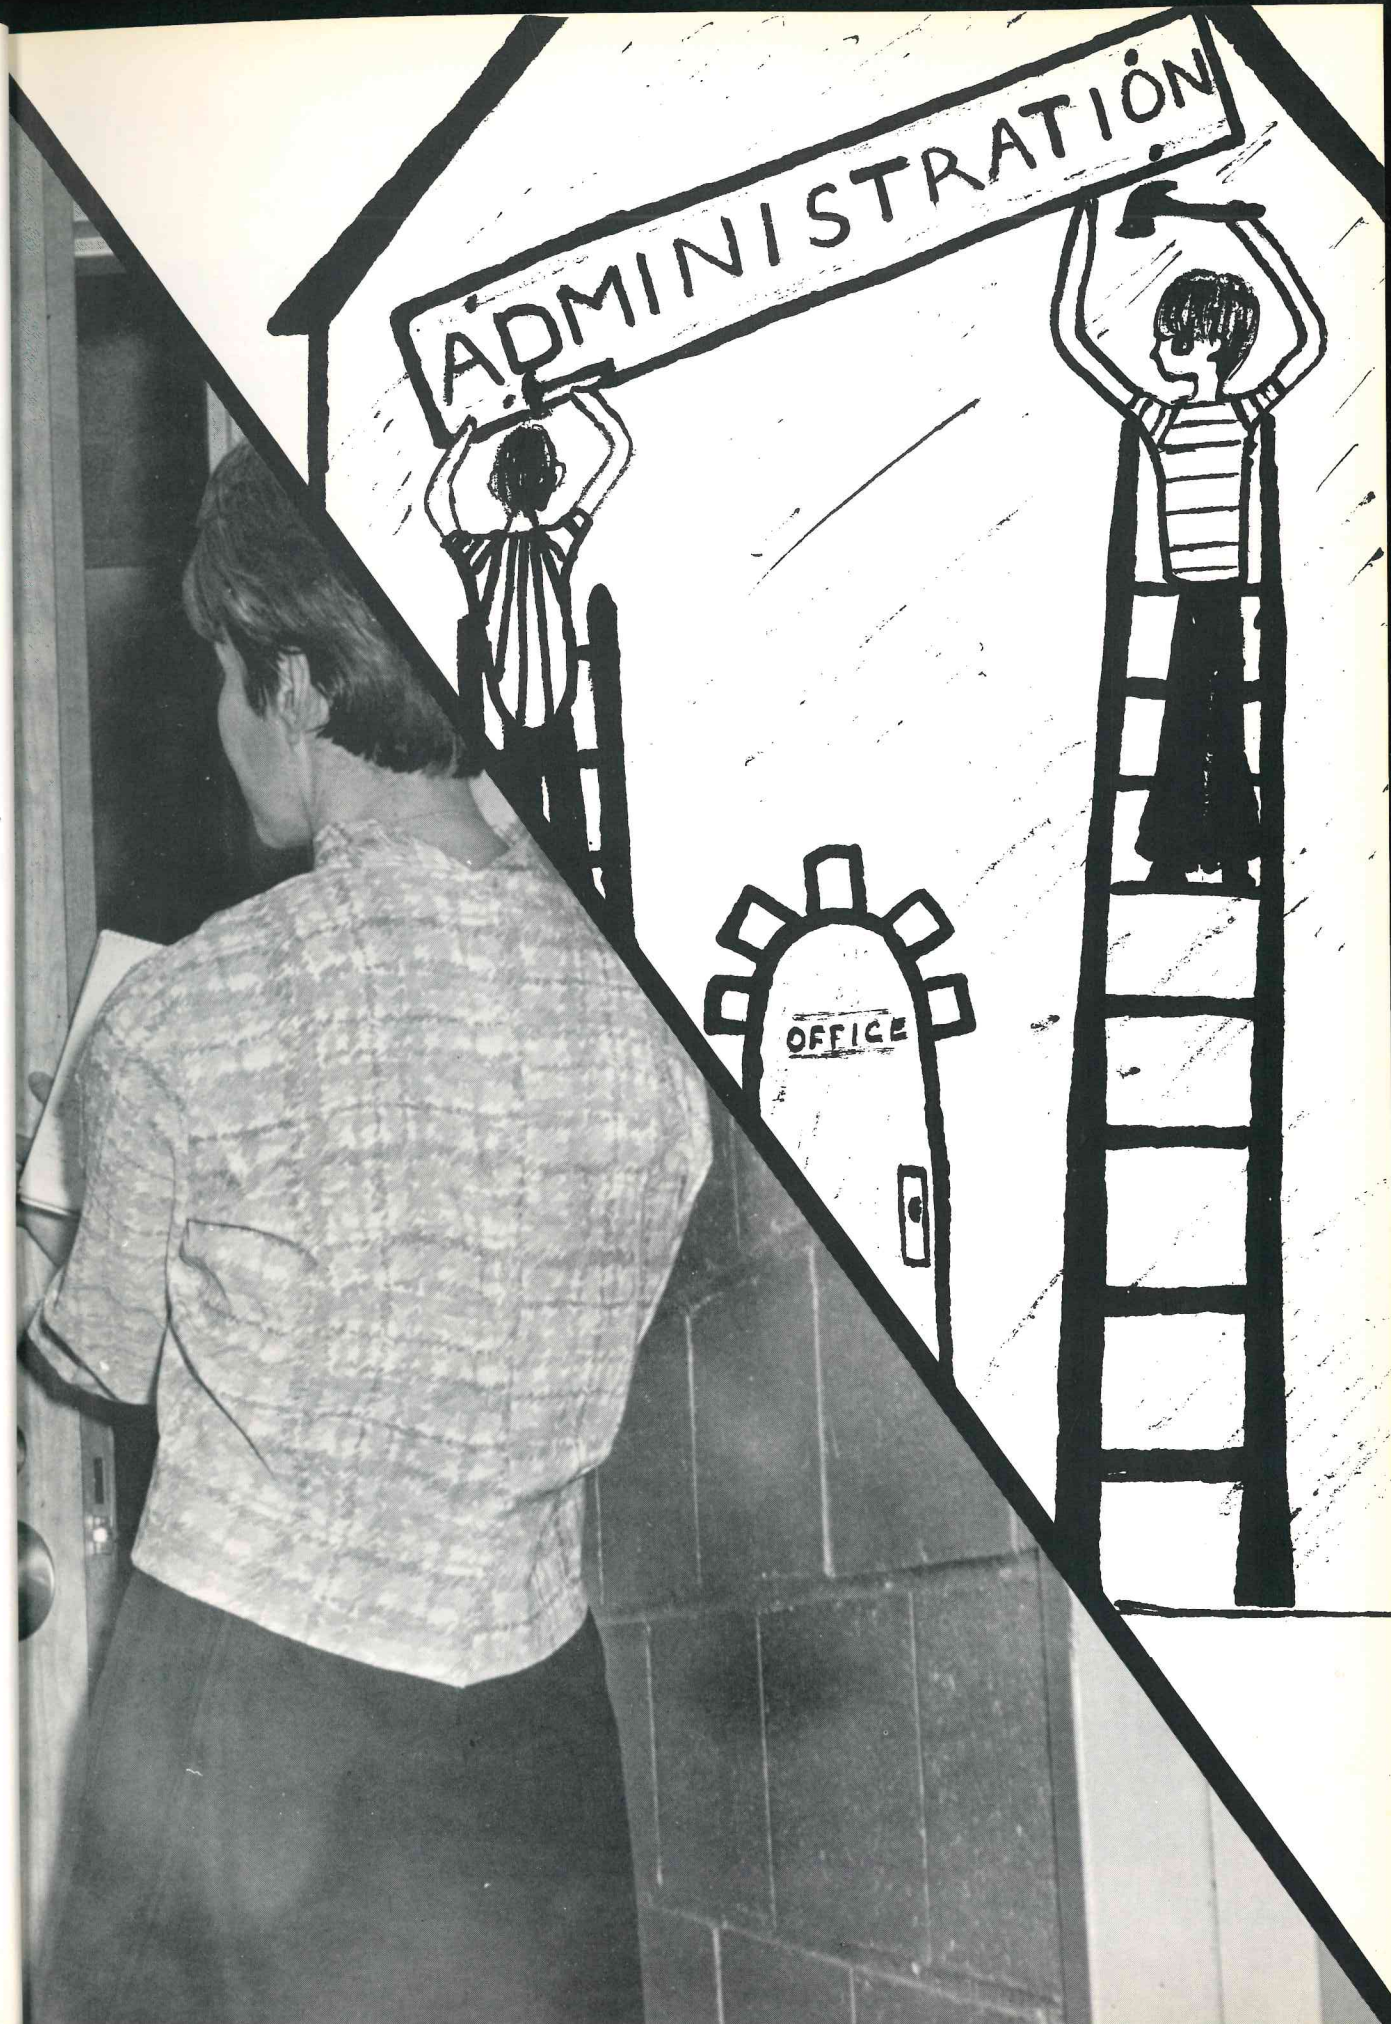

and understanding throughout

our three years at Mulligan Junior High

High School.

We, the graduating class of 1967, with respect and gratitude dedicate our yearbook to Mr. Seymour

Ginsberg.

### Assistant Principal

Congratulations to the 1966-67 class of Mulligan Junior High School.

I hope you enjoy this yearbook for its intended purpose-to reflect upon fond memories developed during your three year junior high tenure.

Thanks go to the yearbook staff for the amount of time and effort expended in making this yearbook one of the finest ever.

John F. Abbenante

The yearbook has always been one of our best memoirs. This year is no exception. Congratulations on a job well done.
